HALAL TOURISM

A Muslim is not only concerned about halal food but he opts for everything to be halal. In Islam, halal means that which is permissible. Halal tourism is a trip which offers Sharia-compliant facilities. A tourist looking for a Sharia-compliant halal tour doesn't even think of touching alcohol, pork or meat of an animal which is not slaughtered in the right method and avoids visits to beaches where scantily-clad tourists sunbathe.

But aren't holidays essentially getaways to pleasure spots? "Pleasure is very subjective term. For Muslims, a holiday is an opportunity to connect with the force who created sea and surf, mountains and snow-capped peaks.

He expects privacy for his women who wear hijab and do not prefer intermingling of genders. On a tour a woman would also love to visit swimming pool, providing an halal environment for her without men around is also a challenge and halal tourism is the solution for this challenge.

We at Mercy Tourism have designed packages such that a Muslim client is following his 5 times prayer strictly, is served halal food in restaurants with alcohol free dining environment and visits to sites which are authentically proven from Islamic history.

HAJJ & UMRAH

Mercy Tourism has a domain of Hajj and Umrah pilgrimage service. It is a pilgrimage not only every Muslim believer dreams of, but also puts in his complete effort to prepare himself for the same physically and economically. We believe that this pilgrimage has the strongest impact on a muslim. In order to address its importance we handle it with the utmost care reflecting in the form of service and guidance.

Services

Our services to the Hajj and Umrah pilgrims are transparent to an extent that they can make out how their journey is going to be. We provide multiple packages ranging from budget to elite. Our budget package includes a 3 star hotel in both destinations i.e. Makkah and Madinah. Higher packages are guaranteed to be of better class and luxury. Certainly we provide best accommodation and food, keeping in mind a pilgrim's necessity of comfort and energy to spend more time in worship. Mercy Tourism also provides customized packages as required by the pilgrims.

Guidance

This pilgrimage has a strong bond between the soul and the faith of a believer. And it is a must that one offers his rituals as prescribed by the authentic sources of Islam. People take knowledge of English language, mathematics or science from the respective teachers likewise it is mandatory for us to take the knowledge of the religion from those who have mastered in Islamic Knowledge. In order to guide the pilgrims a renowned Islamic scholar accompanies them in their journey.

BUSINESS EXPANSION

Mercy Tourism can make your dream of starting a tours and travel company come true. Get into the world of entrepreneurship and become a business owner. All you have to do is, take a franchise of Mercy Tourism in your district, town or city.

Why Tours and Travels Franchise?

Travel industry, known as a recession proof industry even in economic hard times has a continuous growth. People are bound to travel for multiple reasons. Few take multiple holidays yearly or even weekend vacations and for this, a good travel agent is their source. The clients keep coming to the travel agents so often or back to back for vacations. This is advantageous and one has no option other than being an entrepreneur in such an industry.

Not only vacations, ticketing and pilgrimage are also the most required fields in the industry.

Why Mercy Tourism?

Travel industry is quite expensive when thinking to start up. One has to work towards the establishment of a new company tirelessly and to make a complete setup for the company to function. In addition, there are set of certifications and registrations involving huge investments. Not only in the place of startup but also in other countries where services are to be offered. For example, to have a tie up with good resorts and hotel there is a tiring process and money involved.

Mercy Tourism offers you franchise in a very reasonable price, which makes your investment way more lower, as we take up the responsibility of your destinations and other procedures.

Give us an opportunity on desk to make the business more transparent and flourish along with us. Your intention, intelligence, integrity and investment can get you an opportunity to be a business owner in alliance with one of the fastest developing travel company.
